

COMPOSTING, WORM FARMS & MULCHING

WITH DEE TURNER

9am-12pm Saturday 18th November
Opunake Kindergarten, Opunake

SUPPORTED BY

Dig deeper into composting, worm farms and explore ways to save waste and water in the garden. Discover a range of different composting systems, their effectiveness, and the ratios needed for active organisms to reduce your food and garden waste at home. Muscle in on the mastery of mulching and mulchpits. Uncover what makes a healthy worm haven. You could even win worms for your own backyard!
